Commercial Applications

Solar Control

By applying window film to your windows, you can significantly lower your energy costs. In addition, solar control window film also...

INCREASES COMFORT.

MINIMIZES GLARE.

REDUCES HOT AND COLD SPOTS.

ELIMINATES HARMFUL UV RAYS.

INCREASES PRIVACY.

IMPROVES THE EXTERIOR APPEARANCE.

REDUCES WINDOW CLUTTER.

DEMONSTRATES ENVIRONMENTAL RESPONSIBILITY.

Interior & Graphic Design

Window film and vinyl from SolarTex provide immense aesthetic and signage flexibility. These films and vinyls come in a variety of shades, colors, and styles that can be custom cut to fit any window, wall, or design application. And as needs change, films and vinyls can be easily removed, returning the surface to its original state.

Safety & Security

In the event of an accident, vandalism, severe weather, or an explosion, safety and security window films hold glass together, decreasing the risk of injury to occupants and also keeping out both the elements and looters. These films are also used to prevent smash-and-grab crimes in retail and office settings. Safety and security films can be clear or tinted.
